

G R E E T I N G S

GREETINGS

Everything you needed to solve this puzzle was in the title, "Top of the Morning". There were 9 "mornings" in the puzzle, represented by the letters AM in the down answers, and taking the "top" of those mornings (the letters immediately above them) yielded the meta answer: **GREETINGS**. And "greetings" could - of course - be used instead of "Top of the morning".
